DAILY SCHEDULE

Our day begins upon arrival of the first child and ends upon departure of the last child each day. Children will be encouraged but will never be forced to participate in any activity.

- 7:00 am **Breakfast** – Those children who arrive prior to 9:30am will be served breakfast.
- 7:45 am **Circle Time** – Children will be given an opportunity to share any news or special experiences. Each week we focus on a new letter, shape, number, color, craft and topic of the week. Each topic of the week has information to talk to the children about and two corresponding crafts. This is a complete plan for the week with plenty for your children to do. Each week builds on the previous week; we start off with letters that are easy to write that contain vertical and horizontal letters and work our way up to the harder to write letters. A typical day has a craft and tracing worksheet, along with the extras from the topic such as songs and games.
- 9:00 am **Free Play** – Children will choose their own games and activities. There will be a variety of toys, games, and activities available to the children geared toward enhancing their gross motor development. If weather permits, we may go outside.
- 9:45 am **Group Activity Time** – Children will participate in our morning activity. This may involve arts & crafts, science & discovery, games, puzzles, etc. Some days this will be a planned activity based on our current theme or skill focus. Other days the children will be given materials to work on their own creations. As we finish our activity the children will move on to free play.
